-

WORK EXPERIENCE

Walker-Miller Energy Services

Energy Efficiency Program Manager

Champaign, IL

June 2026 – Present

- Manage implementation of the Ameren Illinois Program Ally Incubator and Procurement Advancement and Transformation Hub (PATH) programs, supporting diverse vendor development and participation across the energy efficiency portfolio.
- Lead the Diverse Vendor Database, vendor recruitment, procurement coordination, and participation tracking to connect small, local, and diverse businesses with Ameren Illinois opportunities.
- Manage Program Ally Incubator recruitment, certification, onboarding, education, mentorship, and alumni engagement while developing initiatives to strengthen small-business capacity.
- Lead cross-functional teams and stakeholder engagement while developing performance reports and presentations to support program implementation, strategic initiatives, and operational priorities.

Future Energy Enterprises

Energy Efficiency Program Manager

Champaign, IL

January 2025 – June 2026

- Manage planning, implementation, and delivery of the Ameren Illinois Mobile Home Initiative, a residential energy efficiency program serving income-qualified households across the Ameren Illinois service territory of 1.5M customers.
- Scaled program delivery from two counties to full territory coverage, increasing annual incentive deployment from \$650K to \$1.4M and expanding the contractor network from 3 to 15 participating vendors.
- Led a cross-functional team delivering residential energy efficiency projects for manufactured housing communities.
- Serve as primary account manager for key stakeholders including utilities, Community Action Agencies, contractors, property managers, and nonprofit partners, coordinating program delivery across multiple organizations.

Champaign County Regional Planning Commission

Energy Efficiency Program Manager

Urbana, IL

September 2021 – January 2025

- Managed and expanded a team implementing federal energy efficiency programs serving income-qualified residents
- Recruited, trained, and supported contractors participating in program delivery, expanding network from 3 to 10 vendors
- Increased program service delivery from 8 clients in PY23 to 75 in PY24, exceeding grant goals by 200%
- Oversaw grant budgets, goals, performance goals, compliance reporting, and program outcomes

ENVOCORE

Project Surveyor

Philadelphia, PA

November 2019 – March 2021

- Conducted lighting and building envelope energy surveys for large-scale commercial, institutional, healthcare, military, and research facilities.

Franklin Energy Services
